

SPECIFICALLY FOR THE OLDER AND VULNERABLE CLIENT

What can happen in later life, either to you or someone close to you, can often become bewildering. All the information you are given from different sources can confuse.

Longmores has a team of specialists specifically for the older client who offer a complete professional service having the expertise and resources in all aspects of this field.

We can:

- Prepare your Power of Attorney and, where appropriate, register the document with the Court of Protection
- Apply for Deputyship Orders as well as approval of Statutory Wills, Lifetime Gifts and other matters through the Court of Protection
- Take you through the process of going into a care home - the funding, benefits and assessments
- Sort out your tax affairs including Income Tax, Capital Gains Tax and Inheritance Tax
- Prepare your Will
- Assist you to look after your finances
- Help you budget your money and apply for additional benefits if you are eligible.

Our Department for the Older Client

- Deal with the Local Authority on your behalf
- Correspond with the Primary Care Trust on your behalf in relation to Continuing Care claims

We can even help you find a nursing/residential home, settle you in and then take away your worries so you can enjoy being looked after in comfortable surroundings.

If you would like us to give you more details, call Nichole Giddings on 01992 300333 or ask someone to call us on your behalf and let us help take the day to day worries from your shoulders.
